Hi Anthony,

Very nice speaking with you today. Below is a recap of what we spoke on and the few action items I need.

1. 45 min Stakeholders Webinar: This is me "training the trainers" to get the stakeholders to understand the Ring Portal so they can determine the best way to roll out the tool within their units. We suggest that 1-2 reps from each group below attend this webinar as they will be the go-to person if anyone within their units have questions. Can you please suggest a few dates/times within the next week or two?

- a) Community Outreach: Community Service Officer/Community resource officer, those who attend HOA neighborhood watch meetings
- b) PIO/Social Media Committee
- c) Investigations/detectives
- d) Crime analysts
- e) Road Patrol Officers

2. 45 min Webinar: I apologize, I misspoke over the phone. This would be a webinar based training for the rest of the agency, not an in person due to the size of your agency. Please let me know if you feel an in person would be highly preferred and I will make a case to go out in person. This training takes place typically ~2-3 weeks after the stakeholders webinar. Can you please suggest a few dates/times 2 weeks after the stakeholder webinar takes place?

3. Portal Setup

a) Law Enforcement User List: Can you please fill out the attached spreadsheet for everyone that should have access to Portal? Next to each user, can you please indicate "Admin" or "User"? Admins will have the ability to add new users and toggle on/off video request feature and posting privileges for the users at the agency.

b) Browser Compatibility: Portal is only compatible with [Chrome](#) or Firefox. Can you please check if your agency computers have one of the two?

Lastly, can you please connect me with your PIO so that I could work with them on any PR announcements your agency is planning on doing? I have some press release templates that I could share and introduce them to our PR team member to coordinate the efforts.

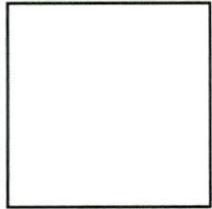

Thank you,

Hello All – you have shown interest in taking part in the Ring Portal Webinar on Aug. 27th at 9am. I will send a calendar invite in the next email

Please email me to add anyone to the list.....

Ring Portal Stakeholder Webinar - Santa Barbara PD

We're excited to move forward with our partnership and onboard your agency onto the Portal.

During this session, you will be trained on how to use Portal, a tool created by Ring that assists law enforcement with reducing crime. This webinar is a "train the trainers" to get the stakeholders to understand the Ring Portal so they can determine the best way to roll out the tool within their units.

What is Portal?

Portal utilizes the critical crime and safety events that are posted in the Neighbors App by Ring to assist in law enforcement operations and investigations. Portal allows you to post information relating to critical incidents and other incidents in the app to keep civilians in your jurisdiction regarding anything crime and safety related in their neighborhoods.

During this 45 min webinar, I will walk you through the portal and share best practices.

- 1) Neighbors Newsfeed - Create Posts/Comment as law enforcement/Community Engagement
- 2) Video Requesting - Requesting video from Ring users via email
- 3) Manage Videos - The Filing Cabinet for Portal - How to manage the Ring videos that are voluntarily shared through the Video Request email

No ma'am other than the onboarding webinar that you mentioned – I have been the predominant communicator with Ring on behalf of Department; I believe all of my communications other than by phone are all documented via email, some with attachments, like an executed MOU

Ok. Do you think anyone else had any contact with Ring? I know I received some emails, probably from the same people.

What might be helpful is that externally, my only points of contact with Ring have been:

"raymond.pollum@ring.com"
angela@ring.com"

Anything more specific you can think of? These are too broad. David preliminary searched ring and received over 100 matches and I would imagine that Amazon or MOU would likely have more matches.

I need an exact search term, a date range, and what mailboxes to search (PD, all city). All PRA email searches requires this. If I search for "Ring" I get 100,105 matches.
